

# MAJESTIC VIEW

NATURE CENTER

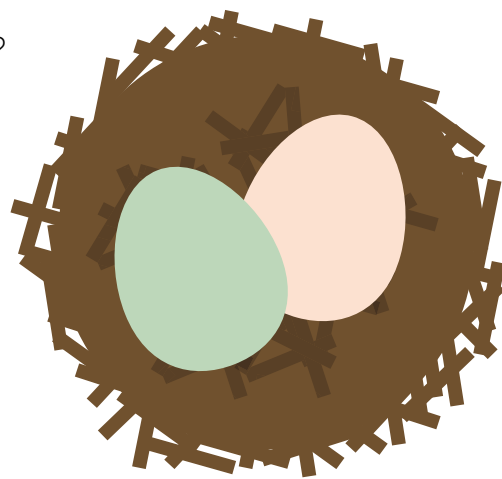

## Investigative Prompt

On your next trip to a park or walk through the neighborhood, try to find some nests and see some birds! Look for birds flying overhead, sitting in a tree or on a telephone pole. You may need binoculars!

Are there any nests on the ground? How about in a tree?  
By a creek or lake?

### Did you find any of these nests?

- A nest on the ground
- A nest in a tree
- A nest made of sticks
- A nest made of mud
- A nest made of man-made material

### Could you see any of these birds?

- A robin (check your backyard)
- A dove (they like telephone wires)
- A hawk
- A black bird

*(See our bird guide for help)*

### Check out these places to find some!

- Near a creek or river
- On a lake
- Near neighborhood flowers or bushes
- Up a tree in a local park
