Bird Feeder Ideas

Bird Cupcakes

- 1 Cup Shortening
- 2 Cups Chunky Peanut Butter
- 5 cups cornmeal
- nuts, birdseed or dried berries as desired

Combine shortening and peanut butter. Melt over then mix in cornmeal.

Fill cupcake tins (use paper cupcake liners) and top birdseed or dried berries.

Cool in refrigerator. Hang in tree or on stand away from human pathways.

Bird Seed Pinecones

(Amounts for 1 large pinecone)

- 1 Cup Chunky Peanut Butter
- 1 to 2 cups bird seed
- Pinecone (it's easiest when they have opened up like on the pinecone to the left).
- String
- Popsicle stick or spoon

Tie the string around the pinecone, leaving enough loop to hang it outside (about 10" is good)

Use the popsicle stick or spoon to smear peanut butter into all the crevices on the pinecone and covering the entire outside of the pinecone. Then roll the pinecone in birdseed to cover all the peanut butter.

Let dry and hang outside near trees or bushes.
